DATE 2/27/2013	TYPE OF REPORT OIS, 245 (c) P.C.	INVESTIGATING OFFICER Det. Sanfilippo #496
-------------------	-------------------------------------	---

On 02-26-2013, I attended an autopsy (Coroners case # 201302062) at the Riverside Coroner's Office on the body of Lorenzo Ciaramella. The autopsy began at 0917 hours with an overall observation of Lorenzo Ciaramella's body by Dr. Hunt. Dr. Hunt noted five gunshot wounds to Lorenzo Ciaramella.

Noted gunshot wounds to Lorenzo Ciaramella are as follows. There was a gunshot wound to the left side of his head (left to right, straight trajectory), one to the left side of his chest (front to back, straight trajectory), right side of abdomen (slightly right to left, front to back), and one shot to each forearm. The gunshot wound to the right forearm was to the inside of that forearm (slight upward trajectory), exiting a few inches above the initial wound on the inside of the forearm. The gunshot wound to the left forearm was on the outside of the forearm (upward trajectory) exiting the tricep area of that arm. The gunshot to the chest did penetrate the heart where a projectile was collected. There was also a projectile located in the left colon. There were projectile fragments located in the brain.

Photos were taken of Lorenzo Ciaramella by RPD ID Tech Lane and RSO Forensic Tech Frisby. Dr. Hunt noted the cause of death-"Pending Coroners Review". The autopsy concluded at 1205 hours. For more details of the autopsy, refer to the protocol report prepared by Dr. Hunt.
