

**Steven R. Simpson, P.E.** has been a resident of the Riverside for 40 years. In addition to being a Professional Engineer, he was a bronze star winning unit commander from the Southeast Asian Theater, previously served the City as a Planning Commissioner for 8 years, and served as a Reserve Deputy and professional consultant to the Riverside Sheriff's Department for 17 years. Many of the industrial and commercial buildings Steve has designed in Riverside represent only a portion of his efforts as examples can be seen in Chicago, Atlanta, Dallas, Seattle, Portland, Oakland, Milwaukee and Los Angeles. Now retired, Steve is devoting a good share of his time to working with the other CPRC members and the support staff to ensure that Riverside has an effective, functional, and accountable Police Force.
