DATE 1/11/2012	TYPE OF REPORT 245c PC	INVESTIGATING OFFICER Rowe #605
-------------------	---------------------------	------------------------------------

**Assisting personnel:**

Lt. Ed Blevins  
Sgt. Lisa Williams  
Sgt. Kendall Banks  
Detective Rick Cobb  
Detective Rick Wheeler  
Detective Dave Smith  
Officer Disla  
ID Tech Susan Lane

**Evidence:**

GR-1/ Permission to search form  
See ID Tech Lane's attached property report for evidence collected at the scene.

**Narrative:**

On 1-7-12 at approximately 1700 hours I responded to 10745 Cypress Ave in the City of Riverside, CA for an officer involved shooting investigation. Upon arrival I was advised that Detective Rick Cobb would be the case agent, Detective Wheeler would be assisting him and I would be in charge of processing the crime scene with ID Tech Lane. Sgt. Lisa Williams was the scene supervisor. Sgt. Kendall Banks gave a brief of the incident. He advised that due to the high winds Patrol Officers Jensen and Moyano had placed evidence placards where they found shell casing and other items of evidence. They also took photos of these items and their locations.

I contacted O/ Jose Sulud Ledezma who owned the residence at 10745 Cypress Ave. O/ Ledezma only spoke Spanish, so Officer Disla translated for me. I advised O/ Ledezma that I needed to conduct an investigation of what happened on his property. I asked him for permission to search his residence (property), including a 1999 Dodge Intrepid, CA [REDACTED] that was parked on the north side of the property and collect any evidence that we needed. O/ Ledezma told me it was no problem and gave me permission to search. I gave O/ Ledezma a permission to search form that was filled out in both English and Spanish. O/ Ledezma read the Spanish side of the form and signed it agreeing to allow us to search his property. Officer Disla and I also signed the form at 1825 hours on 1-7-12.

Weather conditions

On 1-7-12 at approximately 1614 hours (Time of the call) the temperature was approximately 66 degrees and sunset occurred at 1656 hours. The wind conditions at 1653 hours were 9.2mph from a north direction. The conditions got worse throughout the night and the winds varied between 9.2mph and 11.5mph with gusts between 21.9mph and 28.8mph (See attached weather history report).

Property description

The property located at 10745 Cypress Ave is a ¼ acre lot located on the north side of Cypress Ave between Mitchell Ave and Stover Ave in the City of Riverside, CA. The property was secured by several police officers and with yellow police crime scene tape to the front of the residence. The roadway for Cypress Ave in front of the residence was blocked east at Stover Ave and west at Mitchell Ave by patrol units and crime scene tape. There were units parked on the dirt driveway west of the property with tape blocking access to the scene. There was an inner perimeter on north side of the property (shooting scene) that was blocked off by more yellow crime scene tape. There was a street light directly in front of the property on Cypress Ave, but was dark at the rear of the property (shooting happened before sunset).

**PAGE NO:**

**FILE NO: P12003517**

<b>DATE</b> 01/11/12	<b>TYPE OF REPORT</b> 245c PC	<b>INVESTIGATING OFFICER</b> Rowe #605
-------------------------	----------------------------------	-------------------------------------------

The property has a single family residence located in the middle of the lot on the east side of the property. The property also has two out buildings north of the main residence. The out building northeast of the main residence was separated into three different rooms including two small rooms that had beds and appeared that people were living inside. One of those rooms in the northwest portion of that out building had paperwork in the name of S/ David Ledezma and photographs. The third room appeared to be a storage area. There was another out building on the property north west of the main residence that was a single room with a bed inside.

The property had several vehicles located on the property including:

The Dodge Intrepid was located in the north portion of the property facing east. The Honda Civic was parked west of the main residence in the middle of the property facing in a north east direction. There was a silver and pink purse on the top of the vehicle. The Ford truck was located on the dirt driveway on west side of the property facing south. The Hyundai and the Kia were both located on the dirt driveway on the south portion of the dirt driveway facing north.

There were a lot of beer cans and beer bottles scattered throughout the property. The property was surrounded by trees and brush on the south and west side of the property. There was an approximate six foot wooden fence that ran the length of the property on the north side. There was a dirt driveway on the west side that ran the length of the property. The residence at 10765 Cypress had an unobstructed view of the north portion of the property where the shooting occurred. ID Tech Lane took perspective photos from the front door area of that residence facing the scene.

Evidence location and processing scene

The area where the shooting happened was in the north portion of the property, west of a pink shed and south of a grey Dodge Intrepid. There was a cement area where numerous tools were lying around. The Dodge Intrepid was parked in this area facing east and was located a few feet south of the rear fence. The driver side rear window was open. In the cement area south of the vehicle were 18 Winchester .40 caliber bullet casings. There were 26 yellow evidence placards located around the shooting scene that had been placed there by patrol officers. There was an X26 Taser that had been deployed in what appeared to be a northeast direction by the location of the Taser and the location of the darts. The paper tags that are expelled from the Taser when it is fired were marked by patrol with a yellow placard, but due to the wind were not located when the scene was processed. There was a white metal pole, approximately 20" long on the ground in that same area. The pole appeared to be the handle of a floor jack that was located north of the Intrepid. There was a blue and white trailer located just north of the pink shed. The trailer had five markings that appeared to be bullet strikes. There was a black or dark grey pipe, approximately 23" long lying on top of the trailer. There were blood stains located on the cement just east of the Dodge Intrepid. Also in that location was a pair of bloody jeans and a bloody shirt. There was a driver license and an approximately 3" brown handle/ silver blade pocket knife on the cement north of the vehicle. The knife was unfolded with the blade exposed. The Dodge Intrepid appeared to have two bullet strikes which included the passenger side front quarter panel and the hood. There were several more bullet strikes located north west of the cement area including strikes to a trashcan, a rolling chair, beer cans, the rear wooden fence (5 strikes) and to the door and wall of S/ Ledezma's room. There were a total of three projectiles located near the bloody clothing, in a wood fence north of the Dodge Intrepid and on the ground south of the wood fence at the rear of the property.

I conducted a search of the Dodge Intrepid, but did not locate any evidence other than the two bullet strikes to the front of the car. There did not appear to be any damage or tampering to the engine compartment.

<b>DATE</b> 01/11/12	<b>TYPE OF REPORT</b> 245c PC	<b>INVESTIGATING OFFICER</b> Rowe #605
-------------------------	----------------------------------	-------------------------------------------

ID Tech Lane took video of the property and the evidence located in the north portion of the property. She also took overall photographs of those items. Detective Dave Smith and I searched the property for the evidence described above. ID Tech Lane identified the evidence items with yellow evidence placards (Items 1-35), photographed measured and collected each item of evidence, including the bullet strike marks (Items A-S). Due to the extreme wind conditions all of the measurements are for the location of the items where we found them and approximations to where they were originally located. The yellow placards patrol had put down were collected and replaced with the placards put down by ID Tech Lane. There were several placards that had been put down by patrol that blew several feet south of the evidence items that they were originally put down to identify. There will be photographs (Patrol and ID Tech Lane's overalls) that will have different placard numbers for the same evidence item that was eventually collected. Because some placards blew away from the evidence item, we were not able to determine which patrol placard went with what evidence item. I decided to remove all the placards and replace them with new numbers where the evidence was located when we arrived. Due to the windy conditions we were not able to place all the placards and take overall photos, because they were blowing away. ID Tech Lane and I placed a placard near an evidence item, photographed and collected it. We then moved on to the next item. The evidence items did not appear to have moved because of the wind, while we were at the scene, but it is unknown if the wind had blown the items from their original position prior to our arrival.

Deputy Coroners D. Gray and R. Mendoza arrived at 1945 hours. They took photographs of the scene and conducted their investigations. Deputy Gray advised that Dr. Peter Wawro pronounced S/ Ledezma deceased at 14 hours at Riverside Community Hospital (Coroner #2012-233).

ID Techs Lane and Tim Ellis measured and completed a sketch of the property and location of evidence. See ID Tech Lane's supplemental report for details.

The scene was cleared at approximately 0115 hours on 1-8-12.
