### **MISSION STATEMENT**

The mission of the Innovation and Technology Department is to work collaboratively with other departments and organizations to improve the quality of life in the City through economic development; achieve innovative, practical, and reliable solutions to City problems, optimize processes through information technology leadership and professional services; and provide an exciting, challenging, and rewarding environment where team members derive satisfaction from challenging assignments, continued professional growth, personal accomplishments, and the success of City of Riverside departments in meeting their operational and service objectives.

#### SERVICES PROVIDED BY DEPARTMENT

The Administration Division is responsible for managing the Innovation and Technology Department operations. This includes providing departments with innovative solutions to improve economic development and/or departmental efficiencies. This team establishes long-term strategic technology direction, facilitates project ranking through the Executive Technology Committee (ETC), oversees all approved projects, releases RFPs, evaluates proposals, manages the departmental budget, establishes policies and procedures, and sets customer service standards.

The Network Services Division is responsible for management of the City's local and municipal area networks, including copper, fiber, and wireless; video surveillance; and telecommunication services. The group also assures adequate security measures are in place to protect the City's network from unauthorized access.

The Systems and Operations Services Division is responsible for system administration, storage administration, and operation services including email. The Division focuses on system design, disaster preparedness, conformance to standards, and maximizing system performance. Division staff also ensures that all jobs are scheduled and executed correctly and that output is delivered in a timely manner.

The Application Services Division is responsible for selection and integration of new commercial-off-the-shelf (COTS) solutions, maintenance and upgrade of existing COTS solutions; analysis of existing business processes, proposing improved business processes, and developing and maintaining the City's Internet and Intranet web pages, and mobile applications. The Division is responsible for providing Geographic Information System (GIS) services including the generation of complex maps for the City Council, management, and staff. Division staff also focuses on application integration of all enterprise systems.

The Client Services Division is responsible for help desk and desktop services. The help desk receives problem and service calls, tracks and routes the calls to appropriate IT staff for timely resolution. The group supports replacement and installation of new desktop and laptop computers and standard desktop applications, such as Microsoft Office and Outlook.

#### PERSONNEL SUMMARY BY DIVISION

### **DEPARTMENT GOALS**

- 1. To maintain a state-of-the-art, innovative, and secure technology infrastructure that provides high reliability and excellent customer service.
- 2. To improve operational effectiveness through increased collaboration, communication, transparency, and by implementing best practices.
- 3. To innovatively integrate enterprise data to improve data accessibility and analysis.
- 4. To develop, cross train, motivate, and retain IT staff in a highly competitive IT recruiting market.
- 5. To provide innovative e-government (online) services and apps for our citizens and businesses, as well as our employees that work in the field.

#### FISCAL YEAR 2014/15 DEPARTMENT ACCOMPLISHMENTS

|   | Accomplishment   | Related Goal                             | Related City Council Goal   |
|---|--|--|---|
| 1 | Insourced six Division Manager positions.  | Goal #2 / Goal #4                        | Improve Teamwork & Communication /<br>Reduce Taxpayer Liability & Costs |
| 2 | Assisted in the multi-year project of replacing the Customer Information (Billing) System for Riverside Public Utilities.                    | Goal #1 / Goal #2 /<br>Goal #3           | Enhanced Customer Service / Economic<br>Development                     |
| 3 | Implemented a new storage area network (SAN) to increase and improve storage capacity, and to consolidate servers, databases, and platforms. | Goal #1 / Goal #2 /<br>Goal #3           | Enhanced Customer Service   |
| 4 | Deployed a new Government Transparency Portal.   | Goal #1 / Goal #2 /<br>Goal #3 / Goal #5 | Enhanced Customer Service / Improve<br>Teamwork & Communication         |
| 5 | Removed outdated and ineffective citywide free Wi-Fi system and implemented a pilot a high speed WiFi hotspot for public use.                | Goal #1 / Goal #5                        | Community Services / Reduce Taxpayer<br>Liability & Costs               |
| 6 | Developed, recruited, and hired City's first Information Security Officer position.  | Goal #1 / Goal #2 /<br>Goal #3 / Goal #4 | Reduce Taxpayer Liability & Costs                                       |
| 7 | Continued to assist Riverside Public Utilities in implementing ArcFM and ESRI Technologies to replace CADME.                                 | Goal #1 / Goal #2 /<br>Goal #3 / Goal #5 | Enhanced Customer Service / Economic<br>Development                     |
| 8 | Continued to improve system security practices and implemented security awareness training.  | Goal #1 / Goal #2 /<br>Goal #4 / Goal #5 | Improve Teamwork & Communication / Reduce Taxpayer Liability & Costs    |

### SUMMARY OF SIGNIFICANT BUDGET ADJUSTMENTS – PRIOR YEAR TO CURRENT YEAR

### **Personnel Adjustments**

1. The increase in the personnel services budget is attributable to the addition of various management positions in lieu of equivalent contract staff under the City's information technology outsourcing contract.

### **Other Adjustments**

1. The decrease in the non-personnel budget is attributable to a reduction in the City's information technology outsourcing contract due to the addition of City staff to provide the equivalent services.
