3. Payment History

Annual Assessment

The District has the authority under the Municipal Improvement Act of 1913 to annually assess the parcels or lots within its boundaries to provide funding for the debt service and administrative expenses incurred from the bond financing of the project improvements. Under the Act, the assessment would be in proportion to the estimated benefit received by each parcel from the improvements with varying amounts applied to each. To date, the District has not had to make such an assessment due to a revenue sharing agreement more fully explained under "Annual Contribution of Portion of Incremental Sales Tax Revenues" herein.

Annual Contribution of Portion of Incremental Sales Tax Revenues

The City entered into a written agreement with the Auto Dealers Association under the terms of which the City has agreed to make an Annual Contribution to the Redemption Account for the Bonds of a portion of the incremental sales tax proceeds, if any, generated within the District and received by the City from retail transactions (including leasing transactions). The Annual Contribution is defined to be the lesser of (a) 50% of the amount by which the Assessment District Sales Tax Proceeds for the just completed calendar year exceeds the amount of \$3,151,148 (1994 Base Year Amount) or (b) the Debt Service on the Bonds for the coming calendar year. In the event the Assessment District Sales Tax Proceeds for any calendar year are less than the Base Year Amount, the City has no obligation to make any contribution to the Redemption Account for that year. The Annual Contribution for Fiscal Year 2016-17 is equal to 100% of the Fiscal Year 2016-17 assessment requirement of \$407,925.00.

District Delinquency Rate and Amount of Levy Placed on Tax Roll

Since the formation of the District, all annual debt service requirements have been met by the Annual Contribution. (See "Annual Contribution of Portion of Incremental Sales Tax Revenues".) As such, there have been no assessment levies placed on the tax roll for delinquencies to occur.

Foreclosure Covenant

The City has covenanted to institute judicial foreclosure in the event of a delinquency and thereafter to prosecute diligently to completion, court foreclosure proceedings upon the lien of any and all delinquent reassessments and interest.

Pursuant to Part 14 of Division 10 of the California Streets and Highways Code, as amended, in the event any Reassessment Installment is not paid when due, the City may order the institution of a court action to foreclose the lien of the delinquent unpaid Reassessment Installments. In such an action, the property subject to the unpaid Reassessment Installments may be sold at judicial foreclosure sale. This foreclosure sale procedure is not mandatory. However, the City covenants with and for the benefit of the Owners of the Bonds that it will order, and cause to be commenced, judicial foreclosure proceedings against properties with delinquent Reassessment Installments in excess of \$10,000 by the October 1 following the close of the Fiscal Year in which such installments were due, and will commence judicial foreclosure proceedings against all properties with delinquent Reassessment Installments by the October 1 following the close of each Fiscal Year in which it receives Reassessment Revenues in an amount which is less than 95% of the total Reassessment Revenues which were to be received in the Fiscal Year and diligently pursue to completion such foreclosure proceedings.

Foreclosure Actions

There are no foreclosure actions pending in the District.
