City Council Memorandum

TO: HONORABLE MAYOR AND CITY COUNCIL DATE: APRIL 22, 2014

FROM: FINANCE DEPARTMENT WARDS: ALL

SUBJECT: MONTHLY FINANCIAL REPORTS – MARCH 2014 – AND FISCAL YEAR 2014/15 FUNDING PRIORITIES

ISSUES:

The items for City Council consideration are: 1) receipt of the monthly financial and investment reports for March 2014 and 2) an oral report to discuss funding priorities for the Fiscal Year 2014/15 Annual Budget.

RECOMMENDATIONS:

That the City Council:

1. Receive the monthly financial reports for March 2014; and
2. Provide direction to staff regarding funding priorities for the Fiscal Year 2014/15 Annual Budget.

BACKGROUND:

Each month, the Finance Department undertakes a comprehensive analysis of revenue and expenditures for the City's major funds in order to monitor budget versus actual data and identify any positive or negative trends. The attached Monthly Financial Report (Attachment "A") summarizes the results of that analysis, which is an essential component of the City's sound fiscal management practices. This information is presented each month from September through May, and is superseded in June by the annual audit and then suspended until the first quarter of the following fiscal year is complete in September.

The Finance Department is presenting the March 31, 2014, financial report in a workshop format so that the City Council can review the changes that have occurred between the December 31, 2013, information presented at the mid-year budget update and the end of the third quarter of the fiscal year. Finance Department staff has worked with the budget staff in each Department to update the revenue and expenditure projections for the current fiscal year to reflect nine months of operating results and a solid projection of the remaining three months of the fiscal year. A number of changes have occurred since the December data; however the net impact on the anticipated June 30, 2014, General Fund reserve balance is minimal. The current projection reflects a reduction in the General Fund reserve balance as of June 30, 2014, of approximately \$3.6 million to \$35.9 million, a reduction from the mid-year report of \$0.5 million.

Sound investment practices are also essential to the City's fiscal management. The Finance Department is responsible for managing the City's investment portfolio, focusing first on the safety of investments and then on liquidity and an appropriate rate of return. The investment results and portfolio composition are summarized and reported to the City Council each month (Attachment "B").

The Finance Department is also charged with managing the City's debt portfolio, issuing new debt, and monitoring opportunities to refinance existing debt to minimize the City's cost of borrowing. The attached Monthly Debt Report (Attachment "C") summarizes the composition of the City's debt portfolio, details the revenue sources utilized to pay the debt service associated with each outstanding debt, and provides detailed information regarding the total principal and interest payments due in the current fiscal year by Fund.

Fiscal Year 2014/15 Funding Priorities

Staff in the City Manager's Office and Finance Department have been working with General Fund departments to develop a comprehensive list of needs not currently funded in the Fiscal Year 2013/14 budget. Additionally, a number of funding requirements for the new year have been cataloged that must be included in the budget. Staff will present an oral report to the City Council outlining these items and requesting direction from the City Council as to which items should be prioritized for funding in Fiscal Year 2014/15, given the limited additional revenues that will be available.

FISCAL IMPACT:

There is no fiscal impact associated with this report.

¹ Excludes water stock acquisition rights, copier leases, development agreements, and amortization of premiums and discounts on outstanding debt, none of which are material.

² 48.3% of the debt service for these bonds is allocated to other Funds based on the percentage of miscellaneous CalPERS plan employees budgeted in those Funds.

³ 25.4% of the debt service for these bonds is allocated to the Parking Fund for the construction of Garage 6 and to the Successor Agency for the construction of the University Village garage.

⁴ Debt service for this loan is primarily funded from a voter-approved increase in the transient occupancy tax rate from 11% to 13%.

⁵ A portion of the debt service for this loan related to non-parking facilities is funded by the General Fund.

⁶ Under the terms of an existing development agreement, increased incremental sales tax resulting from the expansion of the Auto Center funds the debt service on these bonds.
