October 11, 2017

Dear Friend of the Environment,

Thank you for what you have done for the environment and society with your 2017 Green Fleet Awards application.

You lead by example and are making a difference in the world with your efforts.

Enclosed is your certificate for the Green Fleet Awards contest for 2017.

There is no issue more vital to the well being of our country than energy.

Thanks to you and others like you, we are well on our way to doing some major transformations in energy.

Always we are asked, "Is alternative energy worth it?"

Looking ahead with more and more technological advances that will make it worth it and by the way, it is the right thing to do. So, thank you again for your efforts and distinguishing your team among tens of thousands of fleets in North America.

Sincerely,

A handwritten signature in blue ink that reads "Tom C. Johnson".
