Notice of Privacy Practices

Effective July 1, 2007

THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

We keep the health and financial information of our current and former members private as required by law, accreditation standards, and our rules. This notice explains your rights. It also explains our legal duties and privacy practices. We are required by federal law to give you this notice.

Your Protected Health Information

We may collect, use, and share your Protected Health Information (PHI) for the following reasons and others as allowed or required by law, including the HIPAA Privacy rule:

For Payment: We use and share PHI to manage your account or benefits; or to pay claims for health care you get through your plan. For example, we keep information about your premium and deductible payments. We may give information to a doctor's office to confirm your benefits.

For Health Care Operations: We use and share PHI for our health care operations. For example, we may use PHI to review the quality of care and services you get. We may also use PHI to provide you with case management or care coordination services for conditions like asthma, diabetes, or traumatic injury.

For Treatment Activities: We do not provide treatment. This is the role of a health care provider such as your doctor or a hospital. But, we may share PHI with your health care provider so that the provider may treat you.

To You: We must give you access to your own PHI. We may also contact you to let you know about treatment options or other health-related benefits and services. When you or your dependents reach a certain age, we may tell you about other products or programs for which you may be eligible. This may include individual coverage. We may also send you reminders about routine medical checkups and tests.

To Others: You may tell us in writing that it is OK for us to give your PHI to someone else for any reason. Also, if you are present, and tell us it is OK, we may give your PHI to a family member, friend or other person. We would do this if it has to do with your current treatment or payment for your treatment. If you are not present, if it is an emergency, or you are not able to tell us it is OK, we may give your PHI to a family member, friend or other person, if sharing your PHI is in your best interest.

As Allowed or Required by Law: We may also share your PHI, as allowed by federal law, for many types of activities. PHI can be shared for health oversight activities. It can also be shared for judicial or administrative proceedings, with public health authorities, for law enforcement reasons, and to coroners, funeral directors or medical examiners (about decedents). PHI can also be shared for certain reasons with organ donation groups, for research, and to avoid a serious threat to health or safety. It can be shared for special government functions, for workers' compensation, to respond to requests from the U.S. Department of Health and Human Services and to alert proper authorities if we reasonably believe that you may be a victim of abuse, neglect, domestic violence or other crimes. PHI can also be shared as required by law.

If you are enrolled with us through an employer-sponsored group health plan, we may share PHI with your group health plan. We and/or your group health plan may share PHI with the sponsor of the plan. Plan sponsors that receive PHI are required by law to have controls in place to keep it from being used for reasons that are not proper.

Authorization: We will get an OK from you in writing before we use or share your PHI for any other purpose not stated in this notice. You may take away this OK at any time, in writing. We will then stop using your PHI for that purpose. But, if we have already used or shared your PHI based on your OK, we cannot undo any actions we took before you told us to stop.

Your Rights

Under federal law, you have the right to:

- Send us a written request to see or get a copy of certain PHI or ask that we correct your PHI that you believe is missing or incorrect. If someone else (such as your doctor) gave us the PHI, we will let you know so you can ask them to correct it.
- Send us a written request to ask us not to use your PHI for treatment, payment or health care operations activities. We are not required to agree to these requests.
- Give us a verbal or written request to ask us to send your PHI using other means that are reasonable. Also let us know if you want us to send your PHI to an address other than your home if sending it to your home could place you in danger.
- Send us a written request to ask us for a list of certain disclosures of your PHI.

Call Customer Service at the phone number printed on your identification (ID) card to use any of these rights. They can give you the address to send the request. They can also give you any forms we have that may help you with this process.

How We Protect Information

We are dedicated to protecting your PHI. We set up a number of policies and practices to help make sure your PHI is kept secure.

We keep your oral, written, and electronic PHI safe using physical, electronic, and procedural means. These safeguards follow federal and state laws. Some of the ways we keep your PHI safe include offices that are kept secure, computers that need passwords, and locked storage areas and filing cabinets. We require our employees to protect PHI through written policies and procedures. The policies limit access to PHI to only those employees who need the data to do their job. Employees are also required to wear ID badges to help keep people who do not belong out of areas where sensitive data is kept. Also, where required by law, our affiliates and non-affiliates must protect the privacy of data we share in the normal course of business. They are not allowed to give PHI to others without your written OK, except as allowed by law.

Potential Impact of Other Applicable Laws

HIPAA (the federal privacy law) generally does not preempt or override other laws that give people greater privacy protections. As a result, if any state or federal privacy law requires us to provide you with more privacy protections, then we must also follow that law in addition to HIPAA.

Complaints

If you think we have not protected your privacy, you can file a complaint with us. You may also file a complaint with the Office for Civil Rights in the U.S. Department of Health and Human Services. We will not take action against you for filing a complaint.

Contact Information

Please call Customer Service at the phone number printed on your ID card. They can help you apply your rights, file a complaint or talk with you about privacy issues.

Copies and Changes

You have the right to get a new copy of this notice at any time. Even if you have agreed to get this notice by

electronic means, you still have the right to a paper copy. We reserve the right to change this notice. A revised notice will apply to PHI we already have about you as well as any PHI we may get in the future. We are required by law to follow the privacy notice that is in effect at this time. We may tell you about any changes to our notice in a number of ways. We may tell you about the changes in a member newsletter or post them on our website. We may also mail you a letter that tells you about any changes.

State Notice of Privacy Practices

As we told you in our HIPAA notice, we must follow state laws that are more strict than the federal HIPAA privacy law. This notice explains your rights and our legal duties under state law.

Your Personal Information

We may collect, use and share your nonpublic personal information (PI) as described in this notice. PI identifies a person and is often gathered in an insurance matter. PI could also be used to make judgments about your health, finances, character, habits, hobbies, reputation, career, and credit.

We may collect PI about you from other persons or entities such as doctors, hospitals or other carriers.

We may share PI with persons or entities outside of our company without your OK in some cases.

If we take part in an activity that would require us to give you a chance to opt-out, we will contact you. We will tell you how you can let us know that you do not want us to use or share your PI for a given activity.

You have the right to access and correct your PI.

We take reasonable safety measures to protect the PI we have about you.

A more detailed state notice is available upon request. Please call the phone number printed on your ID card.

Quick, Easy Ways to Find a Doctor

We offer you quick and easy ways to find participating health care providers – including doctors, hospitals, dentists or pharmacies. To find a provider, simply go to anthem.com/ca, the Anthem Blue Cross website, and use our online provider finder resource. You may also call Customer Service toll-free.

Anthem Blue Cross website

These easy steps will lead you to participating California providers using our online resource. Online provider finder allows you the option of searching for physicians or health care facilities. You can even make your search more specific by choosing a specialty or by entering the name of a physician or facility.

- Go to anthem.com/ca.
- Click on “Find a Doctor,” in the middle of the screen.
- At the next page, click on the link that best describes the type of provider you need: medical with either BlueCard PPO (for Non-CA residents) or local California, dental or vision providers.

At this point, you have a choice of paths:

Existing Member Search

Select this path if you are a current Anthem Blue Cross member with a member identification (ID) card, and are searching for doctors, hospitals or other health care professionals that participate in your current plan. Enter your member ID number in the box provided on the screen.

Your member ID number can be found on your ID card (do not include the three-digit alpha prefix). Click on “Next” at the bottom of each page.

New Member & Visitor Search

Select this path if you are a new member without a member ID card, or are a visitor shopping for an insurance plan and searching for doctors, hospitals or other health care professionals that participate in our various plans. Click on “Next” at the bottom of each page.

If You Travel or Live Outside of California

Members living or traveling outside California can also locate doctors using our online resource.

- Go to anthem.com/ca.
- Click on “Find a Doctor.”
- Then, click on “BlueCard PPO” - you will be linked to the Blue Cross Association website.

Or go ‘directly’ to bluecares.com the Blue Cross Association website. There you can access the “Find a Doctor or Hospital” option.

- Go to bluecares.com.
- Enter the ID prefix (the first three letters of your member ID number listed on your membership card).
- If you do not know your ID prefix, or are visiting the site, click on “Guest” to start your search. Click on “Continue” after each step.
- Select your product type. (Note: HMO members select “Traditional.”)
- Search by city and state or ZIP code criteria, then type of provider.
- Receive your search results via a listing, map or downloadable directory.

Customer Service

We are committed to providing quality care and service to our members. Our courteous and knowledgeable Customer Service representatives welcome your questions.

Your Customer Service representative:

- Is just a toll-free phone call away
- Can quickly help you find providers in your neighborhood, state or throughout the country
- Offers the most current information on participating providers in our network
- Can verify if your doctor is part of our network

For any questions or concerns about your coverage, simply refer to your ID card for all relevant Customer Service phone numbers. We're at your service!

Directory of Health Care Professionals and Institutions

Si necesita ayuda en español para entender este documento, puede solicitarla sin costo adicional, llamando al número de Servicio al Cliente que aparece al dorso de su tarjeta de identificación o en el folleto de inscripción.

Please read the following information so that you will know from whom or what group of providers care may be obtained.

It is important to know that when you enroll in this plan, services are provided through the plan's provider network but the continued participation of any one doctor, hospital or other health care professional or institution cannot be guaranteed.

Reproductive Health Care Services

Some hospitals and other providers do not provide one or more of the following services that may be covered under your plan contract and that you or your family members might need: family planning; contraceptive services, including emergency contraception; sterilization, including tubal ligation at the time of labor and delivery; infertility treatments; or abortion. You should obtain more information before you enroll. Call your prospective doctor, medical group, independent practice association or clinic, or call us at the Customer Service telephone number listed on your ID card to ensure that you can obtain the health care services that you need.

Non-Physician Health Care Professionals

Your medical group or IPA may contract with non-physician professionals (podiatrists, optometrists, physician assistants, nurses, clinical psychologists, social workers, nutritionists, occupational or physical therapists or others) to provide care for its patients. You must generally be referred to these health care professionals by your medical group or IPA. You may obtain a list of these non-physician professionals from your medical group or IPA.

Note

Although hospital affiliations are listed for each medical group or IPA, there may be times when your doctor or Anthem Blue Cross will authorize admission to a subacute facility (such as a skilled nursing facility) or other treatment from a subacute health care institution (such as a Home Health Agency). A list of contracting subacute health care institutions is available from your medical group, IPA or Anthem Blue Cross.

Questions

If you have questions, call the coordinator at your medical group or IPA or a Customer Service representative at the toll-free number on your ID card.

This listing does not constitute a recommendation of any provider or facility. The choice is yours. The network is subject to change. Current information may be obtained by calling Customer Service at the toll-free number on your ID card, or you can check our website at anthem.com/ca. Simply click on *Find a Doctor*, our online resource for finding doctors, hospitals and other health professionals.

Healthcare Advisor by Subimo – When Making a Health Care Decision

Healthcare Advisor by Subimo, an interactive website, It offers information to assist you when preparing for medical procedures or managing a medical condition. It takes you through a series of questions where you can identify your preferences when selecting a hospital. It then provides you with a list of hospitals that best match your selections. Healthcare Advisor by Subimo houses information about procedures, treatments and illnesses that also may help when you are facing a health situation. Simply link to the *Subimo* website at anthem.com/ca through the *Member Services* area.

Note: The Subimo website is owned and operated by Subimo, LLC, P.O. Box 5335, River Forest, Illinois 60305. Subimo, LLC is solely responsible for its website and is not affiliated with Anthem Blue Cross or any affiliate of Anthem Blue Cross.

How Does Your HMO Medical Group Rate?

We understand the value of health care. We believe that the best type of health care is delivered by a team approach involving the members, network providers and us. To support this approach, we created tools to help our members make informed decisions about their choice of health care providers. One such tool, the *Provider Performance Profile*, is available on the following pages.

The profile summarizes the performance of many of our network medical groups and IPAs and was developed from an intensive survey of HMO and POS members.

Making Informed Choices

Although all health care professionals who participate in our network must meet and maintain our stringent criteria, we realized that our members may want more detailed information. We offer the profile so they can gain information in the areas that matter most to them. For example, you may be concerned with how easy it is to access care from your primary care physician or specialist; the chart allows you to see how members rated your medical group or IPA in the Service Satisfaction category.

We know that an individual's experience may be different from what is reflected in this chart. We also know that individual health care needs are unique. We're therefore providing this chart as a discretionary tool for our members to use. We encourage you to review and use the information in ways that help meet your individual needs.

How to Use the Provider Performance Profile

1. A check mark appearing in a box next to the medical group's name indicates that the medical group has been rated.
2. A group's profile appears under the medical group's main site name and not under the satellite name. The main site is like the parent site and many have "offspring" or satellites located in other areas.
3. The chart is broken into Northern and Southern California regions.

4. The chart is organized into six categories, which our members indicated are important to them.

THE FOLLOWING EXPLAINS WHAT EACH CATEGORY MEASURES:

- **Overall Performance in Region** – compares the overall performance of groups within the Northern or Southern regions of California
- **Medical Group/IPA Quality Monitor** – measures how groups check the references of their doctors and monitor their doctors' performances; measures the accuracy and reliability of the health care professional's medical record systems; reviews the scheduling system for timely access to physicians
- **Member Complaint Resolution** – measures the number of appeals or disagreements members had with a medical decision; measures the number of grievances and appeals members had against their group; and measures the amount of time it took the group to respond to members' complaints and appeals
- **Clinical Measures** – keeping our members up to date with screenings and management of chronic diseases
- **Service Satisfaction** – measures how easy it was for patients to receive care, including how easy it was to reach and see their physicians or specialists; reviews the doctors' communication skills, including the doctors' ability to listen to patients, explain test results and treatment plans; reviews the quality of care patients received from their doctors and staff; measures the overall helpfulness of physicians and staff; and measures the promptness of care patients received
- **Overall Performance in California** – compares the overall performance of medical groups throughout California

Members may also view the *Provider Performance Profile* at our website at anthem.com/ca. Simply click on *Find a Doctor*, our online resource for finding doctors, hospitals and other health professionals.
