TITLE: UTILITIES WATER MAINTENANCE PAINTER**DEFINITION**

Under general supervision, to perform skilled painting work in the preparation and application of paints to a variety of surfaces with brushes, spray guns and other painting equipment and refinishing of furnishings; and to do related work as required.

REPORTS TO: Building Maintenance Supervisor

SUPERVISION RECEIVED AND EXERCISED

Receives general supervision from the Lead Maintenance Painter and Building Maintenance Supervisor.

EXAMPLES OF DUTIES

Typical duties may include, but are not limited to, the following:

- Prepare surfaces to be painted by use of sandpaper, scrapers, dusters, burners, disk sanders or power brushes; mix and match paints and stains; operate tinting machine.
- Apply paint to building interiors, fixtures, equipment or structures; refinish furniture such as desks, chairs, tables and bookcases; clean and care for brushes and other painting equipment.
- Assist in general maintenance activities, including such things as fixing and replacing faucets, unstopping drains and toilet fixtures and installing and maintaining light fixtures.
- Assist in the supervision and training of less experienced maintenance personnel.

QUALIFICATIONS**Knowledge of:**

- Methods, materials, tools and practices of the painting trade.
- Occupational hazards and safety precautions of the trade.

Ability to:

- Understand and carry out oral and written instructions.
- Refinish furniture such as desks, chairs, tables, and bookcases.
- Mix paints and match and blend colors.
- Apply paints to a variety of surfaces with standard painting equipment.
- Care for and use brushes and other painting equipment.
- Work overtime as required.

Education and Experience:

Any combination of experience and education that would likely provide the required knowledge and abilities is qualifying. A typical way to obtain the knowledge and abilities would be:

Education: Equivalent to completion of twelfth grade.

Experience: Three years' experience as a journey level painter.
