

Ontario Convention Center, Southern California

Smart Riverside is proud to be a **Participating Stakeholder** in the **Innovation Economy Expo**, the first step in creating a global stakeholder-driven collaboration platform for commercializing innovative ideas.

Innovative high-growth businesses create the vast majority of new wealth, new jobs, and new prosperity in the world today.

Innovation Economy Expo:

- Bringing global stakeholders together to transform innovative technologies, products, and services into high-growth businesses
- A platform for innovators, entrepreneurs, investors, service providers, educators, and policy makers - all participating to advance great ideas, grow dynamic companies and promote the economic benefits of high-growth business success

Focusing on **innovation**, **collaboration**, and **commercialization**, **Innovation Economy Expo** combines ideas, people, knowledge and resources, to create global business opportunities.

The more stakeholders who participate, the more opportunities that will be created!

We invite you to be part of it with us
