

# We are Changing..... .....to Serve you Better

Riverside Public Library is upgrading its library catalog March 18th - 23rd.

During this time:

- We will be limited to checking out and renewing items on existing accounts. Must have library card.
- Self-checkouts will not be available.
- We will be unable to create new accounts, update existing accounts, place holds on library materials, and collect fines and fees.

## Benefits to you...

- Customer focused public access catalog (PAC), easier searching; allowing limits by material type, publication date, author, etc.
- Ability to create user name and password for logging into your account online.
- Enriched content for each title including sample chapters, tables of contents, large book cover images, professional reviews, and recommendations for other reading.
- Ability to create and save title lists.
- Ability to keep a reading history.
- Direct access to 3M Cloud Library through the PAC.
- E-receipt options available.
- Email and text message notifications.

Questions? Contact Library Administration at (951) 826-5213.
