

of a design and construction acceptable to the Riverside County Health Officer, and the boxes or containers maintained to prevent access to the contents thereof by flies and to prevent offensive odors. All watering troughs shall be maintained so as to prevent the breeding of mosquitoes. Said premises shall be maintained in accordance with all applicable ordinances, laws, rules, and regulations pertaining to the care of animal habitation, manure removal, fly-producing conditions, and mosquitoes. (Ord. 6966 §1, 2007)
