Reservation and payment must
be made in advance. Seating is
limited.

RIVERSIDE METROPOLITAN MUSEUM
HERITAGE HOUSE

One of the most popular gifts
to give on February 14th is, of
course, chocolate!

Chocolate is a wonder: the
food of royalty; the food of
love; nutrition for healthy
bodies; one of the first
currencies; and a subject of
contentious issues in a world
of globalized trade.

This presentation will
highlight aspects of the history,
aesthetics, taste, finance, and
food science underlying one
of humanity's greatest
inventions.
