

## Who is the Multicultural Council? Join the activities at the Museum!

The Multicultural Council of the Riverside Museum Associates has a proud history of more than nine years. Its signature event has been the popular Family Village Festival, held annually. With the able assistance of the Museum's education curator, the Festival has attracted several thousand people to participate in the village activities, the exciting art performances. The festival has stayed true to its original concepts — namely to provide an educational experience for those attending; to provide only ethnic foods; and to create an non-commercial atmosphere to insure the authenticity of the ethnic presentations. In 2007 the Festival is scheduled for October 6th.

## Volunteer to Grow, Learn, & Share.

Join the Cultural Dialogues at 6:30 pm at the Riverside Metropolitan Museum on the 3rd Thursday each month. Free.

**The Multicultural Council was created in 1997** with the goal of fostering an atmosphere of education and inclusiveness amongst the area's many ethnicities and cultures. The Council is an arm of the Riverside Museum Associates, an organization dedicated to supporting the growth and activities of the Riverside Metropolitan Museum.

The Council meets monthly at the Museum and meetings are open to all interested persons. Members of the Council board represent various cultures in the community and those interested in the educational activities in general.

All activities of the Council focus on learning and sharing art forms and traditions, in an atmosphere of inclusiveness and respect.
