FIRST SUNDAYS

Sunday, April 7, 2013
1 - 4 pm | Free!

Fun Activities Available At Six Locations....Admission is Free... Each Month is Different!

WONDERFUL SPRINGTIME WATERCOLOR COLLAGES WITH GUEST ARTIST, LESLIE PETERSEN Mission Inn Museum

It's that time of year again when gardens throughout Riverside start to bloom with beautiful plants and flowers! Riverside has many gardens where you can experience and celebrate spring. The Mission Inn's numerous gardens are overflowing with color as the hotel's many plants make their spring debut, Fairmount Park's Rose Garden is bursting with spring colors and the Botanical Gardens at UCR are filled with wonderful foliage that are at their most beautiful during the spring. So join the Mission Inn Museum in a celebration of these natural springtime wonders by making a watercolor collage featuring the colors, plants and other signs of spring. We will also be teaching different watercolor techniques throughout the day that you can incorporate into your design.

CELEBRATE EARTH DAY Riverside Art Museum

Celebrate Earth Day with Storyteller Karen Rae Kraut as she performs the Israeli story, "King Solomon and the HooPoo Bird." She will also share a Balinese folktale, "Gecko Cannot Sleep." Sometimes tiny creatures are more important than we think. Sing and move along with "The Flea Circus Song." Fun crafts for all and face painting with Miss Pamela. The Music Behind the Movies: Kevin De Leon from Gluck Fellow Program of the Arts UCR, will take students on a tour of the modern day film score and its conception.

ANIMAL ADAPTATIONS: MIX-AND-MATCH YOUR OWN Riverside Metropolitan Museum

There's a reason animals are the way they are. It's called adaptation. From sharp teeth to long trunks, animals have evolved special adaptations that help them get food and water, attract mates, hide from predators or prey, move and migrate, and find shelter. Join us at the Riverside Metropolitan Museum as we explore the world of animals. Visit our face-

painter to start looking like an animal, and finish it off as you create your own animal "mash-up" costume with ears, horns, tails, shells, feathers, fur and scales. We'll also be demonstrating how we're all connected to animals and the environment as we make an ecosystem web and get up-close and personal with some of our creatures in Nature Lab to find out more about their behavior as animals.

PANNING FOR GOLD Riverside Public Library

The year is 1848 and Gold is discovered on Sutter's Mill. Let's head west with the rest of the "forty-niners" in search of gold. From 1-2 we will be panning for gold just like real "forty-niners" then from 2-3 enjoy Tall Tales and trick roping from Cowboy Ken. If you haven't found any gold you're in luck because from 3-4 you can continue panning for gold.

OUTER SPACE LANTERNS

UCR ArtsBlock (Culver Center, Sweeney Art Gallery, and California Museum of Photography)

It's a wonder you can see at night! Visit the Outer Space Lanterns workshop and craft a paper lantern to draw your own night sky upon. Limit one lantern per visitor.

FUNNY BONE!

Fox Riverside Theater Foundation on the mall***

We will be celebrating the upcoming comedy show of Brian Regan by showing off our funny side. We will be coloring and decorating fun clown masks. The Association for Women in Science will also be providing an exciting science craft project for everyone to enjoy. We will also be having a special guest group visit our site too. ***PLEASE NOTE: For the rest of this First Sundays season we will be located in the Downtown pedestrian mall area.
