

NATIONAL NIGHT OUT

AUGUST 2, 2016

The 33rd Annual *National Night Out* (NNO) is a community-wide crime prevention program sponsored locally by the Riverside Police Department and our local businesses. NNO is sponsored nationally by the National Association of Town Watch (NATW), ADT, Target, Nextdoor.com, and Associa. NNO is an annual event held throughout the United States to promote cooperation between the police and the community.

The Riverside Police Department invites you and your neighbors to be part of National Night Out this year. NNO events are designed to heighten neighborhood communication, increase participation in local anti-crime programs, strengthen neighborhood spirit and police community partnerships, and send a message to criminals letting them know that Riverside neighborhoods are organized and fighting back. Neighborhood social events are being held throughout the City from 6:00-9:00 P.M. Police personnel will be out in force and visiting events that are registered with the police department. Fire and City personnel will also be participating in the activities.

How Can Your Neighborhood Participate?

Your neighborhood can host a block party, ice cream social, potluck dinner, neighborhood walk, neighborhood baseball, soccer, basketball game, neighborhood clean-up, or any other event that best represents your neighborhood. **Be sure to register your event on-line at www.rpdonline.org.**

How Will Your Neighborhood Benefit?

Your event will help strengthen neighborhood spirit, police-community partnerships, and will send a message to criminals that you have taken control of your neighborhood and they are being watched.

If your neighborhood group or business organization would like to be involved, please visit our website at www.rpdonline.org or contact the Police Service Representative for your area.
