Suspicious Device Located

Riverside, CA – Riverside, CA- On July 25, 2012, the Riverside Police Department responded to the 6000 block of Correll St regarding a suspicious device located near several residential duplexes. The manager of the complex noticed a suspicious package lying near the front office. Field Operations personnel were dispatched and assessed the scene. Nearby residences were evacuated and the street cordoned off.

The Riverside Police Department's Technical Services Unit (TSU) was requested and responded to the scene. The suspicious device was rendered safe by TSU Detectives. The device was found to be non-explosive. The device was collected and all personnel cleared. The residents were displaced from the homes for approximately three hours while the incident was investigated and the area rendered safe.
