Police Helicopter Catches Burglary Suspects

Riverside, CA – On Wednesday, 09-11-2013, at around 10:50 am, Officers from the Riverside Police Department responded to a call for service in the area Martin Luther King and Chicago in the city of Riverside. Several suspects had been seen casing a residence near that location.

While Officers were responding the Riverside Police Helicopter responded and quickly arrived on scene. The helicopter was able to view the suspects break into the residence and then follow them as they attempted to flee on foot. The helicopter was able to follow each suspect and direct ground units to their location. Officers arrived on scene and were able to take all suspects into custody without incident.

Without the ability of the Police Helicopter to quickly respond to the scene and use the advantage provided by altitude the suspect may have escaped. The Riverside Police Helicopter continues to be an asset to the department and community.
