Career Opportunities

Be a part of supplying the electric and water needs of a rapidly growing community by considering a career with Riverside Public Utilities (RPU). With over 440 employees, we're comprised of four divisions: Water, Energy Delivery, Finance/Customer Relations and Resources.

RPU offers a wide array of career choices from entry level to professional. Depending on your area of interest, there are a number of career paths available to you. For example, start out as an Engineering Aide, and your career path could include advancement up to a Senior Engineer at a higher salary. We have many careers to choose from, and offer challenging and fulfilling opportunities.

The Position

This is the advanced journey level in which incumbents perform complex work requiring increasingly responsible para-professional engineering work experience and further formal training. Work assignments involve full responsibility for a variety of complex projects, which are broad in scope and involve multiple assignments. Potential work assignments could involve the ability to work independently, investigate, study and resolve potential problems. Incumbents have full responsibility for the completion of multiple work orders and responsibility for resolving more complex field problems.

Educational Requirements

Any combination of experience and education that would likely provide the required knowledge and abilities is qualifying. A typical way to obtain the knowledge and abilities would be:

Education

Equivalent to completion of twelfth grade supplemented by the equivalent of 30 semester units in engineering and mathematics from an accredited college or university.

Experience

Six years of experience in the design and engineering phases of (depending upon assignment) municipal facilities including storm drains, water utility facilities; or electric utility facilities. An Associate Degree in a related field may substitute for one year of the required experience.

Career Ladders
