

## It's Easy to **SHARE** With Others

Riverside Public Utilities' Sharing Households Assist Riverside's Energy program, or the SHARE program, assists low-income residents with their utility bills.

SHARE is supported by the state mandated Public Benefits Charge, as well as your additional voluntary contributions, which help to enhance the program's funding ability.

Over the past year, Riverside Public Utilities assisted approximately 6,428 low-income customers in Riverside.

These are tough economic times. But through the SHARE program, neighbors are helping neighbors in need. It's what being a community is all about.

Help us help others by filling in the box marked SHARE DONATION at the bottom of your utility bill with your donation amount or round-off your bill to the nearest dollar. Your contribution will help assist qualified, low-income residents in the City of Riverside.

## do you know?

Our Level Pay Plan helps you even out your utility bill payments over the course of the entire year. For example, instead of having larger bills in the summer, you will pay one flat rate all year round.
