

## INCREASE

# Conservation and Efficiency Rebates up to 250%

Help conserve water and energy in Riverside by taking advantage of Riverside Public Utilities' (RPU) conservation rebate programs. All of our programs are designed to help make your home more energy and water efficient, which helps the city meet state mandated conservation goals.

And now, when you use our Whole House Rebate Program, you can increase your total rebate amount by up to 250 percent! The Whole House Rebate encourages you to participate in multiple efficiency programs at the same time. Each measure is given a point value, and the more points you have determines which of four tiers your rebate would fall into: 1-6 points for 100% rebate; 7-9 points for 150%; 10-19 points for 200%; and up to a 250% rebate for 20 or more points.
