Comment Form

Riverside Transmission Reliability Project

February 12, 2009

This comment form will help Riverside Public Utilities and Southern California Edison to obtain feedback, and identify concerns and issues related to the 230 kV and 69 kV routes and to the project as a whole. These comments will be considered as the project progresses. Please take a few moments to provide your comments below and return this sheet by mail to the address on the back of this form as soon as possible.

Please provide your current mailing address and/or any additional names and addresses you think should be included on our mailing list.
