
WATER RULE 12

WATER SUPPLY THROUGH MASTER METERING AND RESALE OF WATER

A MASTER METERING

No water shall be served to two or more separate parcels of property, through a common water meter unless covered by a Master Water Meter Agreement. At the discretion of the Water Utility, water supply through a master water meter may be permitted for the following types of development:

- Apartment Complex
- Condominiums/Townhouses
- Shopping Centers
- Industrial Parks
- Trailer Parks

B. RESALE OF WATER

No Customer shall resell any of the water received by him from the Water Utility, except as may be authorized by a Master Water Meter Agreement and then only at rates not in excess of those prescribed in the Water Utility's rate schedule for like service. Water used by any Customer shall be restricted to use on the Premises specified in his application for service.

C. USE OF WATER SERVICE CONNECTION WHEN PROPERTY IS SUBDIVIDED

When property with an existing Water Service Connection is subdivided, the Water Service Connection shall be considered as belonging to the lot or parcel of land which it will continue to serve. If the existing Water Service Connection does not abut the lot or parcel which it will continue to serve, it shall be at Customer's expense and responsibility to have connection relocated adjacent to lot or parcel where use will continue. The charges for any relocations shall be in accordance with Rule No. 11.D.
