

WARD 4 CANDIDATE STATEMENT

Chuck Conder

Councilmember/Retired Military

Riverside is a great city. I'm running for City Council to keep it that way for all who call Riverside home.

I first came here when stationed as an Air Force Officer at March Air Force Base. My late wife Sharon and I fell in love with Riverside. We knew this is where we wanted to live and raise our family. I am blessed that my children feel the same and are raising my grandchildren here.

As your City Councilman my top priorities have always been and remain: keeping residents and families safe - properly managing growth and its impacts – making City Hall live within its financial means. I am proud of what has been accomplished.

I publicly stood against defunding the police. I voted against the Meridan warehouse project. I founded the Inland Empire Homeless Forum to find permanent solutions to homelessness.

I'm concerned that costs are too high. The City Council can help improve affordability by reining in costs passed to residents to stop price increases for electricity, water, and trash collection.

I would be honored to have your vote to continue serving you and working to improve the quality of life in our community on the City Council.
