26	While at the ARY	V, I maintained m	y assignment a	s designated bre	eacher in the event of a
27	crisis entry.				· · ·
28	- Hr			÷	
29 ·	At approximate	ly 1416 hours, I wa	as assigned to t	he throw phone	mission team. The
30	throw phone mi	ssion team was co	omprised of Of	ficer Park, Office	r Macias, Officer

Monreal and I. My task was to provide lethal cover while we executed the throw phone mission. The throw phone mission was successfully executed; the phone was placed near the front door of classroom A1.

After completing the throw phone mission I resumed my role as the designated breacher for ERT 1.

At approximately 1745 hours, after unsuccessful negotiations, a plan was made to make. entry into classroom A1 to rescue the victim. ERT 2 was designated as the primary entry team, and ERT 1 was the secondary entry team in the event of a failed breach.

Upon Sargent McCoy's command to divert, the crisis entry commenced. I heard the sound of a light and sound diversionary device being deployed followed by what

		<u> </u>

sounded like several gun shots (unknown exact number) coming from inside the 1 classroom. Immediately after, Sqt. McCoy said "failed breach" over the radio. I moved 2 from behind the ARV up to the front door of the classroom with ERT 1. Officer Pap 3 attempted to open the door with keys, but the door would not open. Officer Pap 4 immediately transitioned to a forced breach and set the pick inside the crack of the 5 door between the lock and the door frame. Using the ram I hammered the pick 6 between the lock and the door frame. Once the pick was hammered in, Officer Pap 7 pried open the classroom door. 8

9

With the door open, I made entry into the classroom. Once inside I could see the room 10 was filled with smoke and there were desks and chairs moved around in what looked 11 like an attempt to obstruct our passage through the classroom. I immediately began to 12 look for the victim and suspect. While moving through the classroom I heard someone 13 yell that the suspect was near the far corner of the classroom (south/west corner). 14 worked my way towards the southwest corner and observed the suspect lying face 15 down on the ground between the sliding/retracting wall and a pile of desks and chairs. 16 I immediately noticed there was a large pair of scissors on the ground to the left of the suspects head. I held lethal cover on the suspect while officers detained him and check him for injuries. 19

20

21 Medical personnel were summoned to the scene, and the suspect was immediately 22 provided medical aid.

23

After the incident, I was instructed to go to the Magnolia Police station to await further instructions. I responded to the upstairs training room of the Magnolia Police station. After approximately an hour, Sgt. McCoy cleared us from the incident.
