INVESTIGATING OFFICER  
A. Tillett #232

1 **INVESTIGATION:**

2 **Interview with Officer J. O'Farrell**

3 On 10-31-17 at approximately 2155 hours, partner Detective Beler and I interviewed Officer  
4 O'Farrell in the S.A.C.A. bay at the Magnolia Police Station. The interview was recorded on my  
5 Department issued digital recorder and later downloaded. The following is a summary of that  
6 interview.

7  
8 Officer O'Farrell said he and his partner, Officer Outlaw, were working a 290 compliance check  
9 earlier that morning. They were in the area of Commerce and Third when he heard the call go out.  
10 Dispatch advised there was a situation at Castle View Elementary School where there was a  
11 battery at the school and the suspect had taken a teacher into a classroom. They responded to  
12 the location knowing it was at a school, there were kids there, and it could be a serious situation.  
13 When he arrived he met up with Detective Paes, Officer Newton, and Officer Moulton to the front of  
14 classroom A-1.

15  
16 Detective Paes told him there was some type of smoke or gas coming out the cracks of the  
17 windows. They didn't know what it was at that time. Sergeant Tiple arrived shortly after he did  
18 and they started coordinating what they were going to do. Detective Paes told them that when he  
19 got there he noticed the doors had been barricaded. At that point they knew there was still a  
20 teacher inside the classroom based on all the reports. Officer O'Farrell said his job at that point  
21 was to provide cover over the windows of the classroom with his rifle in the event they were to take  
22 gunfire from inside the classroom. They staged there until the Red Team arrived in the ARV. The  
23 Red Team replaced them, and they moved to classroom A-4. They were in A-4 for a short period  
24 of time before moving to classroom A-6, which was the room next to A-1.

25  
26 After moving into classroom A-6 they were assigned roles and responsibilities. Sergeant  
27 McCoy told them that they were going to be Entry Team #2 in the event entry had to be made into  
28 the classroom. During that time they received information over the radio that they had the suspect  
29 on the phone in the classroom. Officer O'Farrell didn't know exactly how the information was  
30 obtained but they were told that the teacher and the suspect were still in the classroom. Sergeant

------------------	---------------------------------------	--

1 McCoy set up the entry order. Detective Paes was number one, Officer Mowrey was number two,  
2 Officer Lopez was number three, and Officer O'Farrell was number four. They were in the room for  
3 a few hours while negotiations were taking place. During that time he left the classroom briefly to  
4 change out into his Swat uniform and equipment. When he returned to the classroom it was  
5 probably another couple of hours before the decision was made to make entry.  
6

7 The wall that separated the two rooms was an accordion style door that took up the whole wall.  
8 Someone went to another classroom and was able to figure out how the door opened which would  
9 be used in their plan when they made entry. When the decision was made to make entry, they  
10 deployed flashbangs outside the classroom at which time Officer O'Farrell's team tried to breach  
11 the door. The suspect had put a bunch of stuff against the door so it wasn't able to be opened as it  
12 normally would. It was only able to be opened a foot or a foot and a half. They weren't able to  
13 make a complete entry into the room. Detective Paes was first and Officer Wilder was trying to get  
14 the door to open. Officer O'Farrell couldn't see much from where he was. Officer Mowrey was in  
15 front of him. He tried to see over Officer Mowrey to cover down into the classroom. The door  
16 would just slide open a few inches and then slam back because of the stuff that was propped  
17 against it.  
18

19 He heard 4-5 gunshots and he noticed Detective Paes was firing to his left, which would be  
20 down into the primary classroom on the other side of the accordion door to his left. Someone  
21 asked Paes if he was the one shooting. Paes said it was him (shooting) and he said something  
22 along the lines of, "the suspect was grabbing her", but he couldn't remember his exact words. He  
23 heard Paes say that the suspect was down. At that time the Red Team entered through the front  
24 door; they were able to breach the door and get into the classroom. As they were breaching the  
25 door, the female hostage crawled to where they had the door propped open and he, Officer Wilder,  
26 and Officer Lopez grabbed her and pulled her through the door and into the classroom they were  
27 in. They passed her off to the Medic that was with them and he took her out the front door of the  
28 classroom to get checked out.

INVESTIGATING OFFICER  
A. Tillett #232

1 The Red Team entered the room the suspect was down in and finished clearing that room.  
2 After everything was Code-4 he went out of the classroom with Detective Paes and hung out with  
3 him until they were finished. I asked him who else was assigned to the entry team or was in the  
4 room. He said Sergeant Ortiz was behind him. He said Officer Moulton, Officer Kerr, Officer  
5 Wilder, Sergeant McCoy, Sergeant Angulo, Sergeant Wilson, and the Medic Cardenas were all in  
6 the room at the time of entry.

7  
8 Officer O'Farrell said he didn't see where the suspect or victim was when Tanner shot, but  
9 when she came up to the opening, she was coming from where Detective Paes had already shot.  
10 It looked like she was coming from that way because she was hugging the accordion door as she  
11 came up and that's when they reached through and pulled her out. He did not see the suspect at  
12 any point. I asked him if he heard the victim or suspect say anything prior to the shooting. He said  
13 while they were there, before they breached the door, he could hear some chatter that sounded  
14 like a male and female voice from inside the room, but he couldn't tell what they were saying. He  
15 heard the ENT guys talking over the intercom. They were asking if the victim was okay and if she  
16 could talk to them so they knew she was okay and she said something, but he couldn't make out  
17 what she said.

18  
19 Officer O'Farrell said he did not fire his weapon during the incident and he didn't see anyone  
20 else fire. I asked him about his rifle magazines. He had three magazines, two had 30 rounds in  
21 them, and one had 29 rounds. I asked him why one of the magazines only had 29 rounds in it. He  
22 said it was the magazine he had in his vest and he believed it was just a miss count when he  
23 loaded it because he normally loaded 30 rounds into each magazine.

24  
25 Detective Beler asked Officer O'Farrell how Tanner was positioned in the classroom when the  
26 shooting occurred. He said he was in a kneeling position, down on one or two knees, leaning into  
27 the door. The door wasn't open enough for him to fit both of his shoulders through, so he was  
28 turned to the side a little bit so that his gun was in the room and it was more like he was peeking  
29 through the opening. Officer O'Farrell did not hear the victim say anything. She was crying when  
30 they pulled her through the door, but then he turned his attention back to the room the suspect was

------------------	---------------------------------------	--

1 in. He determined that the suspect and victim were probably near the 1/4 corner of the room  
2 based on where Tanner was firing.

3  
4 Detective Beler asked him if they did anything to try to see inside the room before they made  
5 entry. He said earlier there was another doorway that led inside the classroom from a pod area in  
6 the middle of all the classrooms. The window of that door was covered with papers or something  
7 so you couldn't see into the room. When he initially arrived on scene there were papers in the  
8 front windows of the classroom and a glare that also prevented him from seeing into the  
9 classroom. While they were classroom A-6, Sergeant Wilson used a camera that you could slide  
10 under or on top of a door to look inside the classroom. They could see that both doors to the  
11 classroom were barricaded with tables and chairs. We asked him if he knew who was in any other  
12 rooms during the entry. He said Officer Zackowski, Officer Hill, and the Corona Officer on the PAC  
13 Team were in room A-3. They were providing cover on the door that led into the pod area from the  
14 classroom. This concluded the interview.
