OFFICER	A. PAEZ	ID#	10459	DATE	7/13/2018

DETAILS:

On 07/13/2018, at approx. 2319 hours, Hemet PD dispatch received a call reference "Shots fired" in the area of Gilmore St and Acacia Ave (City of Hemet/County of Riverside) with two reporting parties. I looked at the call notes and noticed a vehicle license plate (Ca# 7JEP282) and vehicle description was provided by one of the reporting parties. I conducted a records check on the listed license plate and saw it was an unknown model Chevrolet with an address from Moreno Valley. Another unit handled the listed call for service which concluded my investigation at that time.

A short time later at approx. 2332 hours, I received a few text messages from ▇▇▇▇▇▇ who is a local media reporter. ▇▇▇▇ sent me a video of the aforementioned incident occurring along with a text providing the location of occurrence, "Gilmore and Acacia." ▇▇▇▇ also provided me with "7JPW282" as being the suspect's license plate and "Chrysler 200" as being the vehicle description. William did not provide me with the person's name he obtained the information from.

A short time after receiving the aforementioned information, I conducted a records check on the license plate I obtained via text message. The records check revealed the vehicle was a 2012 Chrysler which was register to a subject who lived at ▇▇▇▇▇▇▇▇, City of Hemet.

When I obtained the records check on the Chrysler, the initial call for service was already closed and I just about done with my shift. I told the watch commander (Cpl. Baily) at the time that I had obtained a possible license plate for the suspect involved with the shots fired call and my team (Crime Suppression Unit) would look into it next week. I then contacted Hemet PD dispatch and had them add the correct vehicle license plate to the initial call regarding the shots fired.

The next morning (07/13/2018) at approx. 1127 hours, I received an email from Community Service Officer (CSO) Nick Fernelius. The email provided me with a copy of surveillance footage which he obtained from ▇▇▇▇▇▇▇ on 07/14/2018. See CSO Nick Fernelius's initial report for further information.

The following week (07/17-07/19) during my work shift, I began sporadically driving near the aforementioned Calle Diablo residence to see if the suspect vehicle was there. I never saw the vehicle at the residence and no contact was ever attempted at the residence either.

On 07/20/2018 near the start of my shift (1630 hours), I used Hemet PD's Automated License Plate Reader System (BOSS3M) to check for any "Hits" regarding the suspects Chrysler. When I conducted my search, I received multiple "Hits" which showed me it was a silver vehicle with a black convertible top. At approx. 1934 hours, I located the suspect Chrysler near the Calle Diablo residence, refer to Hemet PD's Detective Bureau supplemental reports for further information.
