

Hemet Police Department

Supplemental Report

PAGE 1 OF 1

REPORT ID # _____

DR# **18-6879**

1 **NARRATIVE:**

2 On 7/20/2018, at approximately 1935 hours, I began responding to the area of Devonshire
3 Avenue and Kirby Street in the City of Hemet, County of Riverside, reference the Hemet Police
4 Department's Crime Suppression Units engaging in a vehicle pursuit.

5
6 I began responding from the Hemet Police Department driving west bound on Devonshire
7 Avenue. The vehicle pursuit continued west bound on Devonshire Avenue and then south
8 bound on California Avenue. Sergeant Mouat, who was calling the pursuit over the radio, stated
9 the driver of the suspect vehicle was firing at the pursuing police officers. I began to respond
10 code 3 (Overhead lights and sirens activated) from the area of Devonshire Avenue and Lyon
11 Avenue. The pursuit exited the City of Hemet limits and I was too far to catch up with the
12 pursuing units, so I reduced from responding code 3 (Deactivated my overhead lights and siren)
13 but continued towards the west border of the city. The pursuit continued west bound, further
14 away from the City of Hemet.

15
16 I then assisted other Hemet Police Department Officers search the area of Florida Avenue and
17 California Avenue for a crime scene where we believed the suspects fired rounds at officers.
18 We determined Florida Avenue between California Avenue and Four Seasons Boulevard was a
19 possible crime scene. I stopped all west bound traffic on Florida Avenue at California Avenue to
20 secure the scene. I remained on traffic control until relieved by a Hemet Police Department
21 Community Service Officer. This concluded my involvement in this vehicle pursuit and
22 investigation.

23
24 **EVIDENCE:**

25 VieVu BWC Footage.

26
27 **STATUS:**

28 Closed.
