Details:

On 03-02-12, at approximately 0900 hours, I responded to the Riverside County Sheriff-Coroner's Office reference an autopsy scheduled for S/ Dunbar. On 03-01-12, S/ Dunbar was shot during an Officer Involved Shooting incident where he was armed with a handgun.

The autopsy began at approximately 0920 hours and was performed by Forensic Pathologist Dr. Fajardo. S/ Dunbar was positioned on his back and was not wearing any clothes but there was a pair of boxer style underwear and two white socks in the body bag. S/ Dunbar had EKG pads on his torso, was intubated, and medical wristbands on his right wrist. S/ Dunbar had a paper bag on each of his hands. S/ Dunbar had GSR tests done on his hands while at the hospital, therefore the bags were discarded. Dr. Fajardo conducted an external examination of S/ Dunbar. S/ Dunbar has several tattoos, which were documented in photographs. He also had what appeared to be a phone number written on the palm of his left hand. The visible numbers were: [REDACTED]

S/ Dunbar sustained three gunshot wounds. One of the gunshots entered his left buttocks and exited the left outer hip. Another gunshot entered the back of his right tricep and exited the top of his right shoulder. The other gunshot entered inside of his right leg, above the knee, and exited the outside of his thigh. All of the wounds were through and through and only two small metal fragments were recovered from the gunshot wound to the upper right leg.

Forensic Technician S. Lane took photographs and collected all the evidence items. Refer to her Supplemental Report for details.

The autopsy concluded at approximately 1045 hours and Dr. Fajardo listed the cause of death as: Pending Coroner Review.

Dr. Fajardo's Autopsy Protocol is forthcoming.
