Narrative:

On 6-11-13 at 2330 hours I was asked to respond to the area of Van Buren and the 91 Freeway for an officer involved shooting. Upon arrival I was assigned to process the crime scene at 3476 Van Buren Blvd with ID Techs Tim Ellis and Selena McKay-Davis. Detective Rick Wheeler was assigned as the case agent and Detective Rick Cobb was assigned to assist. Deputy DA Jared Harringsma and DA Investigator Dan Binion were assigned the case.

Lt. Chad Milby and Sgt. Robert Tipre briefed us on the incident. Lt. Milby advised there was a hit and run T/C (20002 CVC) on the westbound 91 Freeway. The suspect vehicle fled from the scene and was involved in a T/C into the center median on Van Buren Blvd. RPD dispatch received calls of a man with a gun fleeing the area after the T/C. Sgt. Tipre advised they located the suspect with a gun to the rear of 3476 Van Buren, the Chevron gas station and Extra Mile mini market. The suspect pointed a handgun at officers and Officers Eric Hibbard and Cedric Disla fired their weapons at the suspect. Sgt. Tipre advised medical aid responded and pronounced the suspect deceased at the scene.

After the briefing several of the listed personnel conducted a walk-through of the scene. I located several .40 caliber casings and rifle casings and a black/ brown revolver. The suspect, later identified as S/ Rashad Jarrett Hopps, was deceased in the southwest corner of the parking lot. There were two RPD marked black and white police units in the parking lot and two employee vehicles. There were three RPD marked units and three CHP marked units at the intersection of Van Buren Blvd and the 91 Freeway. There was also a red Chevy sedan that

Rowe #605

collided with the center median on Van Buren. See crime scene below and ID Tech Ellis' crime scene sketch for further details.

Detective Wheeler and I contacted O/ Dharmesh Shah, who is the manager of the Chevron station and the Extra Mile market. There were two video cameras located on the north and south side of the market as well as several cameras inside the location. O/ Shah advised the cameras record and save for 28 days. O/ Shah showed us the recording of the video from shooting. It was noted the time on the surveillance equipment was approximately 15 minutes faster than the actual time. The video was grainy and blurry, but we were able to observe figures in the area where the shooting was believed to have occurred. Detective Wheeler gave O/ Shah his business card and asked him to notify him when the video had been copied to a disk. See Detective Wheeler's supplemental report for details.

ID Tech Ellis began by taking overall photographs and ID Tech McKay-Davis took video of the scene. I conducted a search of the parking lot at the Chevron Station as well as the area surrounding the suspect vehicle on Van Buren Blvd. CHP handled the T/C investigation of the suspect vehicle into the center median (CHP file # 611132258984016432). After CHP finished their investigation the suspect vehicle was towed to the Magnolia Police Station for processing and Van Buren Blvd was opened to traffic. ID Techs Ellis, McKay-Davis and I labeled each evidence item with yellow/ black number placards, photographed, measured and collected each item. ID Tech Ellis and McKay-Davis booked the evidence items into property at the Magnolia Station.

Crime Scene

The crime scene was located at 3476 Van Buren Blvd. in the City of Riverside, CA, which is a Chevron gas station and Extra Mile market. The station is located on the northwest corner of Van Buren Blvd and the 91 Freeway. The entrance to the gas station is accessed from southbound Van Buren Blvd just north of the 91 Freeway onramp. There are 8 covered gas pumps just west of the entrance and the Extra Mile market is west of the pumps. The gas station has a propane station on the north side of the parking lot and air and water pumps in the southwest corner. There are several parking stalls to the front of the market and on the north and south side of the building. There is a sidewalk on the south side of the building that leads to the back of the market. At the rear of the market there are two air conditioning units that are enclosed by rod iron gates. The north, south and west part of the property is surrounded by a short brick wall and rod iron fencing. The 91 Freeway westbound onramp is located just south of the property and south of the onramp are the west and east bound lanes of the 91 Freeway.

There was a secondary scene located on Van Buren Blvd. and the westbound 91 Freeway off ramp. There was a 2000 red Chevy Metro LSI, CA license 5XBU928, that had collided into the center median northwest of the 91 Freeway off ramp. The driver door was open and a key was in the ignition. The radio was playing, but the engine was off. There was T/C damage to the front end and passenger side front quarter panel. RPD units 3131, 3926 and 3152 along with CHP units 1126836, 1352511 and 1290329 were located at the intersection. Van Buren Blvd runs north and south and is controlled by traffic lights at the 91 Freeway. The traffic lights for north and south bound traffic and the westbound off ramp at Van Buren Blvd were all working properly.

The area surrounding the crime scene was taped off with yellow crime scene tape. The scene was blocked on the north side of Van Buren at Indiana and the south side of Van Buren at Andrew St. Traffic for north and south bound Van Buren was blocked at both of those locations as well as the on and off ramps for the 91 Freeway.

PAGE NO:

FILE NO: P13083040

DATE 06/17/13	TYPE OF REPORT OIS	INVESTIGATING OFFICER Rowe #605
-------------------------	------------------------------	---

The area was well lit on Van Buren Blvd and the parking lot of the gas station. There were street lights along Van Buren. The parking lot of the Chevron station was very well lit. There were 6 lights along the north side of the station and 7 along the south side including a double light above the area where the casings were located. There were 12 lights on the cover above the gas pumps and lights above the doors in front of the market. There were also 2 street lights along the west bound 91 on ramp.

RPD unit #3931 was located in the southwest corner of the parking lot with unit #3147. Unit #3931 was running with the spotlight shining on S/ Hopes. There were two employee vehicles backed into the parking stalls just south of the market. Those vehicles were a grey Acura, CA license 5THZ160 and a white Dodge Dart with paper plates, Vin #1C3CDFBA4DD300377. Those vehicles belonged to employees of the market O/ Josh Campos and O/ Lorenzo Marquez.

I conducted a search of the area for evidence related to the officer involved shooting. I located ten .40 caliber Winchester casings in the parking stalls to the front of the market on the south side. There were five casings in the first stall (furthest south) and five casing in the stall just north. There were five WCC rifle casings located on the sidewalk and in the planter in front of the market on the south side.

I located S/ Hopes in the southwest portion of the parking lot in front of RPD unit #3931. S/ Hopes was wearing a blue t-shirt, white shorts, tan striped boxers, white socks and grey Nike shoes. S/ Hopes was lying on the asphalt on his stomach with his head turned to the south. S/ Hopes was handcuffed with his hands behind his back. There was blood on the back of his head, back of his right leg and right arm. There was a pool of blood from his head running west on the asphalt.

There was blood transfer along the asphalt, curb and dirt in a southwest direction. There was another pool of blood in the dirt planter southwest of where S/ Hopes was located and in the direction of the blood transfer. There was a black .38 caliber Smith and Wesson revolver, serial #266205, with brown wood grips located in the pool of blood in the dirt. The revolver had six expended WW.38 Special rounds inside the cylinder. I conducted a records check on the revolver, but was unable to locate any information. The information on the gun was given to Agent Rudolph with ATF for further investigation.

There were three bullet strikes located in the rod iron fence along the south side of the property. There were also three projectiles located in the dirt planter along the south side wall. One of the projectiles was removed from the rod iron fence.

I conducted a search of the rest of the scene, but was unable to locate any other evidence including any blood from the area of the suspect vehicle to the rear of the market or any bullet strikes on the market and north wall of the property.

Coroner investigation

Deputy Coroner Brenda Comstock responded to the scene at approximately 0500 hours. She photographed S/ Hopes and checked for injuries. Deputy Comstock located a possible gunshot wound to the left rear portion of S/ Hopes head and a laceration above his forehead. There were also injuries to the front and back of S/ Hopes right leg that were consistent with a dog bite. Deputy Comstock took a GSR sample from both of S/ Hopes hands. She took fingerprints and bagged his hands. Deputy Comstock removed S/ Hopes wallet from his back left pocket. She removed his ID from the wallet and identified him as S/ Hope. Deputy Comstock also located an amount of cash which she collected. She located two cell phones in S/ Hopes front pocket that were
