Narrative of Supplemental Report:

I was working as Pilot in Command of RPD Helicopter Air One. My Tactical Flight Officer was C. Tavaglione. We responded to the incident to provide aerial surveillance coverage as ground officers would approach the apartment where the suspect was reportedly holed up and armed with a gun. It was dark, the apartment complex had substantial tree coverage, and the apartment in question had a covered breezeway hiding the doorway. We illuminated the complex, if for no other reason than to provide a diversion as ground officers made their tactical approach. Officer Tavaglione tried to use our forward looking infrared camera to see what was happening on the ground, but the trees and breezeways blocked our use of that also. I was unable to see any of the activity that transpired on the ground. We heard radio traffic that shots were fired and then a sergeant immediately asking for medical aid to roll in. AMR and RFD were waiting for clearance on Myers Street just outside the complex. They responded immediately but were delayed for about 1 minute by the closed complex gate. We circled the scene for about 30 minutes as the situation stabilized. We cleared as the investigation continued.
