Initial response

On 2/25/13, at approximately 2100 hours, I received a phone call at home from Sgt. Russell regarding an Officer Involved Shooting. I responded to 7911 Arlington Avenue to assist with the investigation. I was assigned to interview witnesses. I responded to the Magnolia Station and conducted witness interviews.

Interview of Witness Leslie Negrón

I interviewed W-Negrón at the Magnolia Station. The interview was recorded on my digital recorder and later downloaded to the department server.

W-Negrón said she was in her sister Felisha Paschal's car when they were returning to their apartment complex from shopping. She said she was sitting in the front passenger seat and her sister was driving.

W-Negrón said they pulled into the main entrance and turned left in the front parking lot. She said they immediately saw a police car parked in the lot. A police officer then told them to back up out of the way.

W-Negrón said that while they were beginning to back up, she saw a silver car driving backwards through the security gate from the back parking area of the complex heading to the front parking lot. She said the silver car was traveling about 20 to 25 M.P.H. She said it was traveling pretty fast. She said that when the silver car went through the open gate, backwards, she heard a police officer yell, "Stop! Get on the floor." She said that her window was down when she heard the officer yell.

W-Negrón said that the silver car continued driving backwards through the open gate and crash into a red Suburban that was parked behind another car, facing Arlington Avenue. She said the silver car bounced off the Suburban and then came to a stop facing the west wall of the complex. She said her sister backed up her car into a handicap parking space in the front parking lot. They then rolled up their windows and locked the doors. She said she then heard gunshots. She did not see the shooting, but heard it.

W-Negrón said she did not see who was driving the silver car.

W-Negrón had no further information.

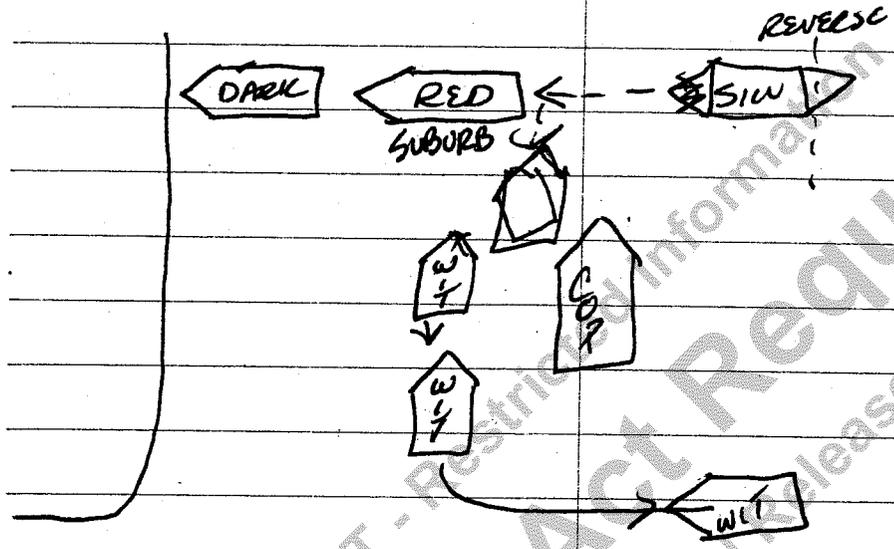

Additional

It should be noted that during my interview with W-Negrón, I drew a rough sketch of the vehicles to help identify where the vehicles were when the incident occurred. See attached sketch for details.
