# City Council Memorandum

**TO: HONORABLE MAYOR AND CITY COUNCIL      DATE: MARCH 19, 2013**  
**FROM: FINANCE DEPARTMENT      WARDS: ALL**  
**SUBJECT: MONTHLY FINANCIAL REPORTS - JANUARY 2013**

**ISSUE:**

The item for City Council consideration is receipt of the monthly financial and investment reports.

**RECOMMENDATION:**

That the City Council receive these reports.

**BACKGROUND:**

Each month, the Finance Department undertakes a comprehensive analysis of revenue and expenditures for the City's major funds in order to monitor budget versus actual data and identify any positive or negative trends. The attached Monthly Financial Report (Attachment "A") summarizes the results of that analysis, which is an essential component of the City's sound fiscal management practices. This information is presented each month from September through May, and is superseded in June by the annual audit and then suspended until the first quarter of the following fiscal year is complete in September.

Sound investment practices are also essential to the City's fiscal management. The Finance Department is responsible for managing the City's investment portfolio, focusing first on the safety of investments and then on liquidity and an appropriate rate of return. The investment results and portfolio composition are summarized and reported to the City Council each month (Attachment "B").

The Finance Department is also charged with managing the City's debt portfolio, issuing new debt, and monitoring opportunities to refinance existing debt to minimize the City's cost of borrowing. The attached Monthly Debt Report (Attachment "C") summarizes the composition of the City's debt portfolio, details the revenue sources utilized to pay the debt service associated with each outstanding debt, and provides detailed information regarding the total principal and interest payments due in the current fiscal year by Fund.

**FISCAL IMPACT:**

There is no fiscal impact associated with this report.

<sup>1</sup> Excludes water stock acquisition rights, copies leases, development agreements, and amortization of premiums and discounts on outstanding debt, none of which are material.

<sup>2</sup> 48.3% of the debt service for these bonds is allocated to other Funds based on the percentage of miscellaneous CalPERS plan employees budgeted in those Funds.

<sup>3</sup> 25.4% of the debt service for these bonds is allocated to the Parking Fund for the construction of Garage 6 and to the Successor Agency for the construction of the University Village garage.

<sup>4</sup> Debt service for this loan is primarily funded from a voter-approved increase in the transient occupancy tax rate from 11% to 13%. No payments are due until 2014.

<sup>5</sup> A portion of the debt service for this loan related to non-parking facilities is funded by the General Fund.

<sup>6</sup> Under the terms of an existing development agreement, increased incremental sales tax resulting from the expansion of the Auto Center funds the debt service on these bonds.
