¹ The decrease in fund balance of the General Fund primarily relates to the transfer of land held for resale (in the amount of \$76.3 million) to the Redevelopment Agency Capital Projects Fund, which had been transferred to the General Fund during the fiscal year ended June 30, 2011.

² The decrease in fund balance of all other governmental funds relates to the dissolution of the Redevelopment Agency.

Note: Certain reclassifications have been made to prior year balances to conform with current year's presentation.

The City of Riverside implemented GASB 54 in the fiscal year ended June 30, 2011. The City has elected to show six years of data for this schedule.

¹ Decrease in property taxes in fiscal years 2012 and 2013 relates to the dissolution of the Redevelopment Agency. Upon the dissolution of the Redevelopment Agency on February 1, 2012, property taxes received by the Successor Agency are reported in a private-purpose trust fund and therefore are excluded from the activities of the primary government.

Notes:

In 1978, the voters of the State of California passed Proposition 13 which limited property taxes to a total maximum rate of 1% based upon the assessed value of the property being taxed. Each year, the assessed value of property may be increased by an "inflation factor" (limited to a maximum increase of 2%). With few exceptions, property is only re-assessed at the time that it is sold to a new owner. At that point, the new assessed value is reassessed at the purchase price of the property sold. The assessed valuation data shown above represents the only data currently available with respect to the actual market value of taxable property and is subject to the limitations described above. Assessed valuations are based on 100 percent of estimated actual value.

¹ In accordance with the timeline set forth in Assembly Bill 1X 26 (as modified by the California Supreme Court on December 29, 2011) all redevelopment agencies in the State of California were dissolved and ceased to operate as a legal entity as of February 1, 2012.

² Total Direct Rate is the weighted average of all individual direct rates. Beginning in 2013/14, the Direct Rate no longer includes revenue generated from the former redevelopment tax rate areas.

¹ In 1978, California voters passed Proposition 13 which sets the property tax rate at a 1.00% fixed amount. This 1.00% is shared by all taxing agencies for which the subject property resides within. In addition to the 1.00% fixed amount, property owners are charged taxes as a percentage of assessed property values for the payment of any voter approved bonds.

² Includes: Alford Unified School District, Corona Norco Unified School District, Jurupa Unified School District, Moreno Valley Unified School District, and Riverside Unified School District.

³ Overlapping rates are those of local and county governments that apply to property owners within the City. Not all overlapping rates apply to all city property owners.

⁴ City's share of 1% levy is based on the City's share of the general fund tax rate area with the largest net taxable value within the city. ERAF general fund tax shifts may not be included in tax ratio figures.

⁵ RDA rate is based on the largest RDA tax rate area (TRA) and includes only rate(s) from indebtedness adopted prior to 1989 per California State statute. RDA direct and overlapping rates are applied only to the incremental property values. The approval of ABX1 26 eliminated Redevelopment from the State of California for the fiscal year 2012/13 and years thereafter.

⁶ Total Direct Rate is the weighted average of all individual direct rates. Beginning in 2013/14, the Direct Rate no longer includes revenue generated from the former redevelopment tax rate areas.

⁷ In accordance with the timeline set forth in Assembly Bill X1 26 (as modified by the California Supreme Court on December 29, 2011) all redevelopment agencies in the State of California were dissolved and ceased to operate as a legal entity as of February 1, 2012.

Note:

The table reflects amounts related to the City. In addition, it includes amounts related to the Redevelopment Agency through dissolution (1/31/12). The amounts collected by the Redevelopment Agency include monies that were passed-through to other agencies. Current tax levies are the original charge as provided by the County of Riverside. Current tax collections do not include supplemental taxes, aircraft taxes or other property taxes.

The City adopted the Teeter plan available with the County of Riverside effective Fiscal year 2014. Under the Teeter plan the County of Riverside has responsibility for the collection of delinquent taxes and the City receives 100% of the levy.

Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the City. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the City. This process recognizes that, when considering the City's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping government.

The Government Code of the State of California provides for a legal debt limit of 15% of gross assessed valuation. However, this provision was enacted when assessed valuation was based upon 25% of market value. Effective with the 1981-82 fiscal year, each parcel is now assessed at 100% of market value (as of the most recent change in ownership for that parcel). The computations shown above reflect a conversion of assessed valuation data for each fiscal year from the current full valuation perspective to the 25% level that was in effect at the time that the legal debt margin was enacted by the State of California for local governments located within the State.
