Section 9.08.005 Findings.

A. The City of Riverside desires to amend the Use of Public Parks Chapter of its Municipal Code to provide updates regarding general park use and to provide permit provisions for certain activity in public parks. In developing this Ordinance, the City is mindful of the legal principles relating to regulation of activity and events on public property, and public parks specifically, and the City Council does not intend to suppress or infringe upon any expressive activities protected by the First Amendment of the United States and California Constitutions but instead desires to enact reasonable content-neutral time, place and manner regulations that address the need to coordinate multiple uses of limited park space, assure the preservation of park facilities, prevent dangerous, unlawful, or impermissible activities on park property and assure financial accountability for damages caused by activity on park property; and

B. The City is not directing its regulation at communicative activity, but to all activity in Riverside public parks; and

C. The City Council in enacting this Ordinance does hereby take legislative notice of the various decisions of the United States Supreme Court regarding regulation of activity in public spaces in general, and activity in public parks in particular, including, but not limited to,
Thomas v. Chicago Park District, 534 U.S. 316 (2002); City of Littleton, Colo. v. Z. J. Gifts D-4, L.L.C., 541 U.S. 774 (2004); Young v. American Mini Theaters, Inc., 427 U.S. 50 (1976); Capital Square Review & Advisory Bd. v. Pinette, 515 U.S. 753, 761 (1995); Central Hudson Gas & Electric Corp. v. Public Service Commission of New York, 447 U.S. 577 (1980); Cox v. New Hampshire, 312 U.S. 569 (1941); decisions of the Ninth Circuit including, but not limited to, Santa Monica Food Not Bombs. V. City of Santa Monica, 450 F.3d 1022 (9th Cir. 2006); and decisions of the Sixth Circuit including but not limited to American-Arab Anti-Discrimination Committee v. City of Dearborn, 418 F.3d 600 (6th Cir. 2005); and

D. In 2012, the City’s public parks were used by approximately 2,900,000 individuals living in Riverside County and throughout the Southern California region. These public parks are heavily used for a variety of purposes including heavy use by families with children. Park usage is limited by the large number of people that use the public parks and by other aspects of the parks, including shape, location, and facilities; and

E. Of note, some of the City parks are adjacent to busy streets and are located in residential or mixed residential and commercial areas. As well, a portion of the City’s park space is not available for general, passive use because it is dedicated to special uses such as playgrounds, tennis courts, basketball and volleyball courts, swimming pools, softball, soccer and sports fields, lawn bowling, community centers, horseshoe pits, exercise courses, picnic facilities and barbecue pits, exercise and walking trails, concert areas and skateboard facilities and other areas are dedicated to gardens and lakes and other water features; and

F. Most of the specialized areas of City parks are heavily and constantly used. As well, passive park space is also very heavily utilized by individuals who jog, walk, read and lounge, and by informal groups who stroll, play games, chat and have parties and picnics in the City parks. As well, organized groups, such as schools, companies, churches, and the City itself use the public parks for picnics, festivals, community events, recreation classes, rallies and demonstrations; and

G. In recent years, Fairmount Park has been regularly used by up to seven private groups to distribute free food to the public on a scheduled basis, which attracts crowds of twenty to one hundred individuals and involves significant amounts of paraphernalia and materials used to hold and serve food. The groups distributing food to the public in Fairmount Park concentrate their activities on Thursdays, Fridays, Saturdays and Sundays between 9:00 a.m. and 2:00 p.m. when the use of the park by other members of the public is quite large; and

H. The groups distributing food to the public in Fairmount Park do not clean up or restore the park to its original conditions after the food distribution but instead leave significant amounts of litter and trash strewn over the park property. In addition, these feedings are frequently accompanied by provision of clothing which is simply piled in the park area and at the end of the event trash and the remnants of this virtual garage sale remains; and

I. The ongoing and repetitive outdoor distribution of food to large numbers of people has significant adverse impacts upon City parks and upon park users. Moreover, private food distributions on public property in the City pose significant public health risks. The health risks of distributing food in City parks arise from a variety of factors including the limited sanitary facilities, the presence of birds and animals, and the lack of facilities for storing food and keeping it at proper temperatures. The health risks attendant to distributing food to the public in City parks are exacerbated by the fact that the vast majority of the food consumers are homeless persons who are particularly vulnerable to health risks because many have chronic health problems, and all have very limited access to medical care and sanitary facilities. The City’s Homeless Services staff has therefore suggested alternatives to persons distributing food at Fairmount Park, including the alternative of participating in the “Guest Chef” programs operated by Path of Life Ministries for the two emergency shelter programs in the City or to
connect with other organizations distributing food at church facilities. Only one organization distributing food to the public at Fairmount Park has accepted the alternative to concentrate their food distribution efforts at emergency shelters; and

J. Because the City’s public parks are constantly used by large numbers of people for a variety of activities, events in parks must be carefully and reasonably managed. This includes but is in no way, or through no intent, limited to the management of the free food distribution to large numbers of the general public; and

K. The City regulates the use of its public parks to protect the health, safety and public welfare by regulating traffic, noise, aesthetics, and other impacts; and

L. Events in the public parks may require the provision of additional public services including police, fire, transportation and public works and additional maintenance of the facilities that are used; and

M. Moreover, group events in the public parks often use facilities that would otherwise be available to the public; and

N. Managing events and activities in the public parks requires ensuring that these events and activities are compatible in size and type of use with their sites, adequate services are provided for the events, adequate cost recovery for these services is achieved, the events and activities do not interfere with the City’s ability to provide services to the entire community, and the impacts on neighbors and others are minimized; and

O. The City desires to provide a coordinated process for managing events and activities in its public parks to ensure the health and safety of event patrons, residents, workers, and other visitors, to prohibit illegal activities from occurring at park events, and to protect the rights of park event permit holders; and

P. The City acknowledges that individuals and groups have the right to engage in expressive activities in the City’s public parks and that to allow unregulated access to all visitors could easily reduce rather than enlarge the utility of Riverside public parks as a forum for speech; and

Q. These regulations are designed to establish the least restrictive and reasonable time, place, and manner restrictions of these activities. (Ord. 7244 § 3, 2014)

Section 9.08.006 Authority and purpose.

A. This Chapter is adopted pursuant to the authority granted to the City of Riverside in Article XI, Section 5(a) and Section 7 of the California Constitution, and Section 200 of the Riverside City Charter.

B. The purpose and intent of this Chapter is to protect public health, safety, and general welfare of people and premises in the City, including the quiet enjoyment of City parks by enacting a permitting process for groups of over 50 individuals. (Ord. 7244 § 4, 2014)

The procedures or requirements of this Chapter shall not affect or supersede the provisions of law or the issuance of fireworks, structural, electrical or other permits by City departments prescribed elsewhere in this Code, when such permits are otherwise required because of a particular condition or requirement of the event on park property.

F. Reservation Procedure. Groups desiring to use City parks, park facilities, or portions thereof, may request the Park and Recreation Director or his designee to reserve the same for such use. Persons or groups from within the City shall be given priority over persons or groups from outside the City if a conflict in scheduling arises. Requests for such use shall be submitted in writing to the City on the Facility Reservation Application approved by the Park and Recreation Director not less than 10 working days in advance and not more than 18 months of the intended use. The Park and Recreation Director may permit a shorter or longer advance request time for good cause shown. The Facility Reservation Application is available at the Park and Recreation Department Office. Upon the written approval by the Park and Recreation Director of his designee, the applicant must pay such fees as approved by ordinance or resolution of the City, not less than 10 working days in advance of the intended use. If the Park and Recreation Director is not satisfied as to the reasonableness of the proposed activity in relation to the use of the park by other persons, or as the effect such use might have upon the peace of the neighborhood, or if the Park and Recreation Director is unable to agree with the applicant as to the conditions to be imposed, the request for a reservation shall be processed as a Special Event Permit.

G. Permit Conditions. The Park and Recreation Director may condition the issuance of
a park event permit by imposing reasonable requirements which are necessary to protect the
safety of persons and property, and to provide for adequate control of traffic. These may
include conditions concerning:

1. Alteration of the date, time, route or location of the event proposed on the application;
2. Requirements for the area of assembly and disbanding of events;
3. Provision of first aid, sanitary or emergency facilities;
4. Requirements for event monitors or other method for providing notice of permit
conditions to event participants;
5. Restrictions on the number or type of vehicles or animals at the event;
6. Restrictions on the number and type of structures at the event and inspection and
approval of the structures by fire safety by the Riverside Fire Department;
7. Compliance with animal protection ordinances and laws;
8. Requirements for use of garbage containers, cleanup and restoration of park
property;
9. Restrictions on use of amplified sound;
10. Compliance with any relevant ordinance or law in obtaining any other legally
required permit or license in addition to a park event permit; and
11. Security guards and/or plan.
12. Compliance with County Health requirements and regulations.

H. Insurance. The Park and Recreation Director may also require the applicant to
provide such additional liability insurance, water, sanitary facilities and refuse receptacles as the
Park and Recreation Director determines to be necessary for the protection of public health,
safety, and welfare in connection with the intended use.

I. Fees and Deposits. Fees and deposits required in respect to reservation permits may
include, without limitation, such amounts as may be determined by ordinance or resolution of
the City, to be necessary to compensate the City, for the administrative costs associated with
the permit, as security for repair of damage to the park or to park facilities, for costs of cleanup,
and for extra personnel to regulate conduct and traffic.

J. Clean-up and Repair Expenses. The Facility Reservation application form shall
provide that the applicant shall reimburse the City for all unusual or extraordinary cleanup and
repair expenses and for services provided by the City arising out of the activity authorized by the
permit.

K. Written Denials. With the exception of Facility Reservations for field allocation (i.e.,
baseball, softball, soccer), if no written denial or conditional approval is issued within thirty (30)
working days of the date on which a permit application is fully completed, executed and filed
with the City, the application shall be deemed to have been granted a conditional approval
pursuant to Subsection B above. Provided, however, the Park and Recreation Director may
extend the period of review for an additional ten (10) working days by issuance of a written
notice of extension. If, prior to the expiration of the extended review period, no written denial is
issued, the application for permit shall be deemed to have been granted a conditional approval
pursuant to Subsection B above.

For Facility Reservations for field allocation, the Park and Recreation Director or his/her
designee shall have information regarding the field allocation application and process at the
Park and Recreation Department Office.

1. Notice of Extended Review or Denial or Issuance of Permit. Written notice of denial
or notice of extension shall be served on the applicant by personal delivery, or by deposit in
United States mail, with proper postage prepaid, to the name and address set forth on the
application for permit.

2. Contents of Notice; Grounds for Denial. Notice of denial of an application for a park
event permit shall clearly set forth the grounds upon which the permit was denied and, where feasible, shall contain a proposal by the Park and Recreation Director, or his/her designee, for measures by which the applicant may cure and defects in the application for a park event permit or otherwise procure a park event permit. Where an application or permit has been denied because a fully executed prior application for the same time and place has been received, and a permit has been or will be granted to the prior applicant authorizing uses or activities which do not reasonably permit multiple occupancy of the particular area, the Park and Recreation Director shall propose an alternative place, if available for the same time, or an alternative time, if available for the same place. The Park and Recreation Director may deny an application for a park event permit if the applicant or the person on whose behalf the application for permit was made has on prior occasions made material misrepresentations regarding the nature or scope of an event or activity previously permitted or has violated the terms of prior permits issued to or on behalf of the applicant. The Park and Recreation Director may also deny an application for permit on any of the following grounds:

a. The application for permit (including any required attachments and submissions) is not fully completed and executed;
b. The applicant has not tendered the required application fee with the application or has not tendered any required user fee, indemnification agreement, insurance certificate, or cleanup deposit within the times required under this Chapter;
c. The application for permit contains a material falsehood or misrepresentation;
d. The applicant is legally incompetent to contract or to sue and be sued;
e. The applicant or the person on whose behalf the application for permit was made has on prior occasions damaged park property and has not paid in full for such damage, or has other outstanding and unpaid debts to the Park and Recreation Department;
f. A fully executed prior application for permit for the same time and place has been received, and a permit has been or will be granted to a prior applicant authorizing uses or activities which do not reasonably permit multiple occupancy of the particular park or part hereof;
g. The use or activity intended by the applicant would conflict with previously planned programs organized and conducted by the City and previously scheduled for the same time and place;
h. The use or activity intended by the applicant would present an unreasonable danger to the health or safety of the applicant, or other users of the park, or City employees or the public;
i. The applicant has not complied or cannot comply with applicable licensure requirements, ordinances or regulations of the City concerning the sale or offering for sale of any goods or services; or
j. The use or activity intended by the applicant is prohibited by law, including but not limited to the Riverside Municipal Code and the rules and regulations of the Park and Recreation Department.

L. Amendment or Revision of Applications. Any amendment or revision of an application for permit shall for purposes of determining the priority of the application for permit, relate back to the original filing thereof.
