### How Does it Work?

311

Resident **contacts 311** and specifies that they are interested in the **Tree Care Program**.

City Inspector **examines** the tree **within 30 days** and determines if the tree service qualifies for the Tree Care Program.

Inspector provides a completed **Tree Care form** specifying the services and cost to the resident.

Resident sends the form with payment to the **City Corporation Yard** at 8095 Lincoln Avenue, Riverside, CA 92504.

After payment is received, the City orders work from contractor to be **completed within 30 days**.
